Dear Karl,

Thank you very much for your recommendations concerning my application:

Application No. 10/755,158

If my different versions of the idea are separate inventions, it sounds like I should file separate applications for each one. Also, I would like to take your advice and get a patent attorney or agent to write them up properly. I'm not sure how long it will take to find an attorney, and then get the work done, but it will probably require at least 6 months. I would greatly appreciate it if you could allow me to have as much time as possible.

Best regards,

Chris Keller
